rianti di questa copia sono designate con un P. Nel codice Vaticano il titolo, di difficile lettura e malamente letto dagli autori del Catalogo, è del seguente tenore: ܡܪܡܪܐ ܕܚܝܐ ܕܫܡܫܐ ܕܩܕܝܫܐ ܕܡܪܝܡ ܐܡܐ ܕܐܠܗܐ (forse ܕܡܫܝܚܐ) ܕܡܪܝ ܡܪܝ ܡܪܝ. Questo titolo attribuisce il mimra a Giacomo di Sarûg, ma si confronti Assemani, *Bibl. Or.* I, 332.

2) Il mimra sopra la vita degli eremiti si trova nel codice 2732 del Museo Britannico (fol. 82 A-96 A); questo codice, del secolo decimo ottavo, appartiene ai recentissimi acquisti di quella biblioteca o posteriori alla pubblicazione del *Catalogue* del compianto Wright, e non poteva perciò essere da lui preso in considerazione e studiato. Una recensione dello stesso mimra molto più breve si trova nel cod. syr. 135 della Biblioteca Bodleiana ed appartiene all'anno di Cr. 1641 (fol. 140 A, col. II a fol. 141 B, col. II) (1); pongo a piè di pagine le sue varianti.

Una traduzione tedesca (2) già stampata pubblicherò fra brevissimo. Il soggetto del primo mimra è la festa della consacrazione del crisma, la quale si fa al Giovedì santo (ܕܝܘܡ ܫܚܡܐ ܕܩܘܪܒܢܐ) (3). Giorgio glorifica Cristo il vero crisma, il cui tipo sono tutti gli uomini e tutti gli unti menzionati nell' antico testamento, e pel quale Iddio ha santificato il genere umano, già macchiato pei suoi peccati. Di maggior valore poetico è il secondo mimra sopra la vita degli eremiti e delle eremite ed il loro animo casto, come una testimonianza della moralità del cristianesimo, che è opposta alla immoralità del paganesimo innanzi al venire del Figlio della Vergine, il quale ama la vita casta.

Alla fine compio un grato dovere ringraziando i signori Guidi, Zotenberg, Margoliouth e Bezold per aver gentilmente riveduto sui codici i testi da me copiati.

Poemi siriaci di Giorgio vescovo degli Arabi (VIII sec.)

Memoria del prof. V. RYSSEL.

Giorgio vescovo degli arabi († 724), fu uno dei più ragguardevoli scrittori della letteratura siriaca e dei più importanti maestri del monofisitismo. Le opere di lui si distinguono per lo stile puro ed elegante, per la erudizione molto estesa e per l'interesse dell'argomento, il quale giova ad accrescere la conoscenza delle opinioni teologiche in favore nella chiesa siriaca. Tali pregi si manifestano nominatamente nelle sue lettere ad alcuni preti e monaci contemporanei; però anche i *mîmrê* o discorsi metrici sono di valore non leggero, poichè da esse più che da altri suoi scritti possiamo conoscere la predilezione dei teologi siriaci per la interpretazione allegorica della sacra Scrittura e degli ordini ed usi ecclesiastici della loro chiesa.

Dopo che ebbi tradotto e illustrato la lettera di Giorgio, da prima pubblicata dal De Lagarde negli *Analecta Syriaca* (1), ho copiato nelle biblioteche di Roma, di Parigi, di Londra, di Oxford e di Leida tutte le lettere e poesie di questo autore. Un' altra opera metrica, il *Chronicon*, è sparita col manoscritto della Biblioteca Vaticana (2) nel quale si trovava. Il testo dei due *mîmrê* che qui pubblico, è tolto dai manoscritti delle quattro prime biblioteche sopra menzionate; essi, e un altro più breve sulla consacrazione del crisma, sono i soli *mîmrê* di Giorgio, che esistono nelle biblioteche d'Europa. Ecco una breve notizia dei manoscritti che contengono i due *mîmrê* che ora vengono pubblicati.

1) Il mimra sopra la consacrazione del crisma è tolto dal manoscritto N. 117 della Biblioteca Vaticana che appartiene al secolo duodecimo (3) (p. 452 B, col. 1 a p. 457 A, col. 3). Esso è una riproduzione esatta di quel testo (più esatta ancora dei frammenti di questo mimra pubblicati dal Cardahî (4)). Le varianti che pongo a piè di pagine sono del manoscritto di Parigi N. 196 (fol. 291 A-299 B), dal quale il Renaudot ha copiato il testo del manoscritto N. 189 (fol. 111 B-135 A) (5). Le va-

RELAZIONE

letta dal Socio Ignazio Guidi a nome anche del Socio Teza nella seduta del 15 giugno 1890 sulla memoria del prof. Ryssel intitolata: *Poemi siriaci di Giorgio vescovo degli Arabi.*

PRINCETON BIBL.

« Giorgio vescovo degli Arabi nomadi di Mesopotamia fu ragguardevole scrittore siriaco monofisita, e morì verso il 725 dell' e. v. Egli univa alla teologica la coltura filosofica, avendo tradotto l' *Organon* di Aristotele, e le sue opere sono importanti tanto per la filologia siriaca (Giorgio può ancora annoverarsi cogli scrittori del periodo classico), quanto per la storia delle credenze religiose. Senonchè la maggior parte dei suoi scritti giace ancora inedita nelle biblioteche di Europa e specialmente in quelle di Roma e di Londra.

« Il prof. Ryssel ha presentato all'Accademia due scritti di Giorgio, uno sul crisma ed uno sugli eremiti, preparati per l'edizione sui codici che se ne posseggono, con esattezza e con metodo critico, come non poteva altrimenti aspettarsi dal dotto professore di Zurigo. La Commissione crede che questi antichi e pregevoli documenti possano essere pubblicati per intiero negli Atti dell'Accademia ».

Roma
